Employers & Patient-Centered Outcomes: *PCORI/National Alliance Update*

June 16, 2020

Highlights of PCORI Reauthorization

Original PCORI Mission

- Fund research to help patients/doctors weigh healthcare options to make the best choices based on their values, preferences and circumstances
- Funds efforts that enhance methods for conducting rigorous research and efforts that advance patient-centered research

PCORI Reauthorization – 12/2019

- Over 200 organizations and individuals called for reauthorization
- Will continue to fund projects that employ practical strategies with a focus on quicker uptake of useful research
- Increased Employer and Payer voice
 - Increase seats on Advisory Board
 - More responsive to the needs of these stakeholders (eg employer strategies, productivity impact, cost offsets)

National Alliance Work with PCORI
