

DON'T LET PBM CONFLICTS OF INTEREST DRIVE UP PHARMACY BENEFIT COSTS

Contact US-Rx Care and Take Control
of Pharmacy Spend in 90 Days or Less

US-Rx Care is THE ONLY Single Source of
Fully-Integrated, Fiduciary-Compliant
Pharmacy Risk Management Solutions

We always work in the best interest of members and plan sponsors.

For Self-Funded Employers, Union Trust Funds, and Health Plans.

Everything any plan sponsor needs to effectively manage and control pharmacy benefit risk.

1. Fiduciary Compliant

2. Chronic Non-Specialty Rx Management

- Maximize use of cost-effective therapy options
- Improve quality of care and medication adherence
- Targets 6%-10% of members generating 60%+ of non-specialty Rx-spend
- 70% prescriber approval and 80% member adoption of US-Rx Care recommendations (on average)
- 5%-10% reduction in plan spend
- 30% or greater reduction in member out-of-pocket costs

3. Specialty Rx Management

- Under pharmacy and medical benefits
- Independent, clinically-focused prior authorization and pre-certification process
- Free of manufacturer influence and restrictions
- Convenient access to needed medication at the lowest available cost
- Site-of-care optimization for provider administered medications
- Charge caps on provider buy/bill invoices
- Full leverage of copay and patient assistance funding whenever available
- 15%-40% reduction in plan spend
- Up to 100% reduction in member out-of-pocket costs

Flexible options for turnkey implementation.

Provider and member friendly.

We have the right services for any needs and benefit design.
