

THE DREXI DIFFERENCE

Drexi
An AMPS Company

The Standout Pharmacy Benefit Manager (PBM)

- No hidden costs or markups
- 100% of rebates back to the sponsor
- Transparency in claims data
- Extensive reporting capabilities
- Reference-based pricing for deeper savings
- Full support as a plan fiduciary
- Access to 65,000+ pharmacies

More Bang for the Benefits

- Lowest net cost effectiveness
- Agnostic to contracts, sourcing, formulary, rebates, and plan design
- Simple fixed fee pricing per employee
- International sourcing with mail order
- Convenient formulary management
- Complete transparent reporting
- Secure portal with drug search capability
- Member-facing prescription management

Expanded Healthcare Cost Containment

When Drex*i* is used in combination with Advanced Medical Pricing Solutions' (AMPS) cost management suite, the savings expand to more than 85 percent of the benefit expenses associated with a self-funded group. In addition to offering pharmacy savings with Drex*i*, AMPS also leverages 15+ years of experience in auditing and pricing medical claims to deliver "fair for all" pricing both pre-care and post-care.

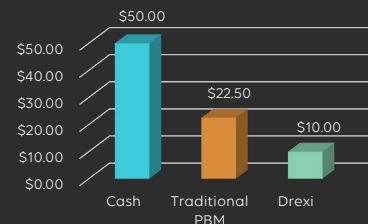

Drex*i* is rewriting the script on prescription pricing. Honestly.

Take a different approach and uncover your savings with an in-depth data analysis. Contact us at sales@amps.com to get started.

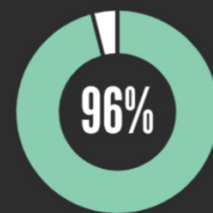

savings over a traditional PBM

Save 65%-75% over traditional PBMs on most generic claims:

Based on Drex*i* aggregate book of business

of claims have lower prices with Drex*i*
