

# DREXI CASE STUDY

## Trailer Safety Manufacturer

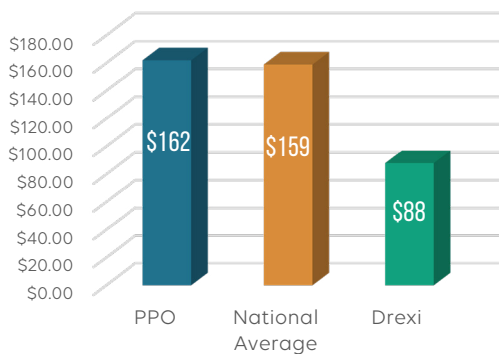

Drexixi, an AMPS Company, is a non-traditional pharmacy benefits manager that helps save money at the pharmacy with fair, honest pricing. For our self-funded, fully insured, and level-funded partners, we offer the ability to provide a savings analysis overview, even without claim-level detail information. Drexixi's straightforward pricing means employers and employees pay exactly what a given prescription costs and avoid the markups. Other benefits include:

- Full-service, built from the ground up, state of the art, technology-based, Fiduciary PBM
- Agnostic to contracts, sourcing, formulary, rebates and plan design (increases lowest net cost effectiveness)
- Simple and easy to understand - fixed fee pricing per employee
- Premier nationwide network of 65,000+ pharmacies
- International sourcing with mail order
- Convenient formulary management
- Step Therapy, High-cost claims edits, PA to control high cost claims as well as PAP and MSP programs
- Complete transparent reporting
- Prescription history and spending reports
- Member-facing prescription management via portal to include a drug search capability

Drexixi views partnerships with our clients as long-term. It We want to minimize disruption as much as possible. Below are a few drugs highlighted to show what this potential client, a trailer manufacturer in Tennessee, would save if they moved to Drexixi.

### Average Drug Cost (per claim)

- With groups that have been with us over time, they are seeing an average of \$88 per script
- On the non-Specialty drugs there is a hedge somewhere between \$20-\$30 on average
- For Specialty drugs, there is no incentive for any PBM to manage and source the drugs cheaper because the sole purpose is to sell you more drugs at a higher cost.

### Top Drugs by Volume

Drug	Number of Claims	PPO Cost (per script)	Drexixi Cost (per script)
Lisinpril	125	\$10.45	\$1.62
Atorvastatin Calcium	100	\$17.70	\$1.88
Rosuvastatin Calcium	78	\$26.54	\$4.16
Metoprol Succinate	40	\$38.48	\$8.00

### Specialty Drugs

Drug	Number of Claims	PPO Cost (per script)	Drexixi Cost (per script)
Ibrance	2	\$13,500.00	\$6,400.00
Stelara	6	\$8,900.00	\$5,200.00
